index.html

register.html

login.html

The screenshot shows a web browser window displaying a login page. The page has a dark blue header bar at the top. On the left side of the header is a circular logo featuring a crown and the text "THE KING OF DEVOPS". In the center of the header, the text "Sai Vishnu xD lol" is displayed in a light blue font. On the right side of the header are three links: "Register", "Login", and "Contact", all in white text. Below the header, the main body of the page is white. At the top of this section, the word "Login" is centered in a large, light gray font. Below it, there are two input fields. The first field is labeled "Username" in bold black text and contains the placeholder text "Username / E-Mail". Below this field is a small red error message: "Error: username?". The second field is labeled "Password" in bold black text and contains the placeholder text "Password". Below this field is another small red error message: "Error: password?". Underneath the password field, there is a link that says "New user? Click here to register.". At the bottom of the form area, there are two buttons: "Submit" and "Reset", both with rounded corners and a light gray border. The footer of the page is a solid black bar containing the text "©2023 saivishnu725 Development. All rights reserved." in white.
